Postcolonial Teaching in Geography

Dr. Verena Meier Kruker
Global learning is about orientation in a globalized world and about the ability to envision future global challenges. Students look at issues from different perspectives, they understand interrelations, they discuss values, reflect on their own position, engage critically...

Space, Place and Location

Human environmental change

Patterns of uneven development

Geographical thought and enquiry

Interactions and interrelations
March 2016 in Recife
8.-18.3.2016
Common grounds

- Agreement on basic concepts
- Focus topics to work on
- Target group
- Further collaboration
Further Work

- Multilayered “Simple stories” beyond stereotypes and colonial attitudes
- “ensinar pesquisando”
... “num processo criativo e prazeroso“

Thank you for your attention! 😊
